Dear Parag sir
This is Prof. Pallavi Pathak from MET School of Architecture, Nashik. This email is in continuation to my telephonic conversation with Snehal Kataria Madam.

As explained to her, some of our Fourth Year architecture students have a subject called 'Facilities Management' as a compulsory part of the curriculum. For this, we wish to visit the Facility Management department at your City Center Mall as a case Study where they can see the actual implementation.

There would be 11 students with 2 faculties. We shall need to talk to the facility manager and see how the facility management systems work.

Requesting you to kindly grant us the permission for the same.
Thanking you in advance

Regards,
Ar. Pallavi Pathak
